Tips for a Successful School Supply Drive

Here are a few suggestions that will help you get started:

- Wherever you decide to hold your drive, make sure it's a place where a lot of people are available to contribute. Consider your place of business, school, church, club or other community groups. Places where school supplies are available to purchase nearby are a bonus!
- Make sure to advertise your drive to your staff, co-workers, clients, friends, family and community members. Use the flyers provided in this kit to help spread the word. Mention your drive on social media, in your monthly newspaper and outgoing emails.
- Make your school supply drive fun and interesting. Consider making your drive a competition to help encourage donations. Hold a kickoff event, develop a game, social media page or other interactive concepts for your drive.
