BORN LEARNING TRAIL

UNITED IN HELPING CHILDREN & FAMILIES THRIVE

With help from local labor (7 17, Barton Malow, and the Western Reserve Building Trades) and a sponsorship from 7 17 Credit Union, United Way of Trumbull County has installed a new Born Learning Trail in Perkins Park.

The Born Learning Trail turns everyday experiences into teachable moments. This multi-station, family-learning course connects learning in the classroom to real-world activities.

The trails have drawings on the ground where you can help a child recognize numbers, letters and shapes. You can work with kids and play with them. It makes learning fun, and it provides a bonding experience.
