LIVE UNITED

TOGETHER, WE CHANGE LIVES

Recently, our community has experienced a series of setbacks and it's going to take time to truly recover, and to reimagine and rebuild. And it cannot be done by government, business or nonprofits alone – it takes all of us, working together to advance the common good.

United Way of Trumbull County has always worked on issues that impact under-served communities and vulnerable populations. We focus on solutions that will drive both individual and collective success. As we look forward, we can reimagine and rebuild a community where everyone can LEARN WELL, EARN WELL, & STAY WELL and is given the opportunity to thrive.

LEARN WELL

Children are provided new learning experiences, educational opportunities, and enrichment experiences.

EARN WELL

Everyone wants to be self-sufficient. We fund programs that promote financial stability by helping individuals gain and maintain employment, provide access to health care, and help families manage limited resources.

STAY WELL

There are times in many people's lives when they need help. Whether it is a fire, a medical emergency, or a job loss, your donations will be there to help provide basic needs such as food, shelter, and clothing.
