Operation Back 2 School & The Second Semester School Supply Drive

All children should have the opportunity for academic success. That's why Operation Back 2 School, a community-wide school supply drive that is held at the start of the school year, and the Second Semester School Supply Drive, a school supply drive held prior to the second semester, provides school supplies directly to our schools. By sponsoring our school supply drives, students will have the school supplies they need to successfully complete the school year.
